THE LITTLE WAY ASSOCIATION
says
THANK YOU
for nearly £480,000 sent to the Missions last year.

During our last financial year, your generosity enabled us to send nearly £480,000 to the Missions. Your donations were sent to Missionaries in over 40 countries throughout the world.

The money has been used for Mass offerings, building Mass Centres (£500), and small houses for homeless families (£150), maintenance of Catechists, supporting native nuns, literature, relief of hunger, helping deprived children, assisting lepers and various self-help projects. Every penny given by donors goes to the causes specified, without deduction for administrative expenses. The Little Way has its own special fund for this purpose.

The Little Way and Its Purpose

Today when the Church founded by Christ is under attack, St. Therese is calling on generous souls to adopt her method of spirituality which she likes to call **THE LITTLE WAY** – the way of love and confidence in God.

To promote this Little Way, and to help spread the Gospel all over the world the Little Way Association came into being. Its aims are

- **To follow The Little Way of St. Therese**
- **To assist missionaries**
- **To pray for priests and vocations**

The Little Way Chapel And Centre in Lourdes

The chapel of St. Therese in the Basilica for St. Pius X which was provided by The Little Way Association is now a centre of prayer for the Missions, the world and the sick. Pilgrims to Lourdes are reminded to pay a visit to St. Therese's Shrine, and to the adjoining information centre and cinema where films are shown during the pilgrimage season.

We should be pleased to hear from reliable people willing to operate a 16 mm. film projector in the St. Therese Centre in Lourdes.

Prayer for the Foreign Missions

"O Saint Therese of the Child Jesus, you who have merited to be proclaimed Patroness of the Missions throughout the world, be mindful of the ardent desire which you expressed on earth to plant the Cross of Jesus Christ on every shore and to preach the Gospel unto the consummation of the world, we beseech you according to your promise to aid the Priests, and Missionaries and the whole Church." *(Partial Indulgence)*

Saint Therese, Patroness of the Missions, pray for us. *(Partial Indulgence)*

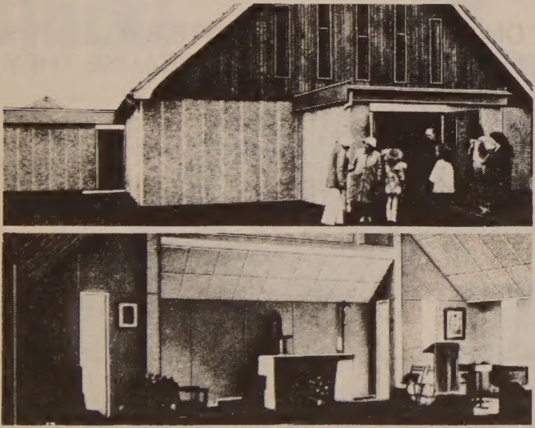
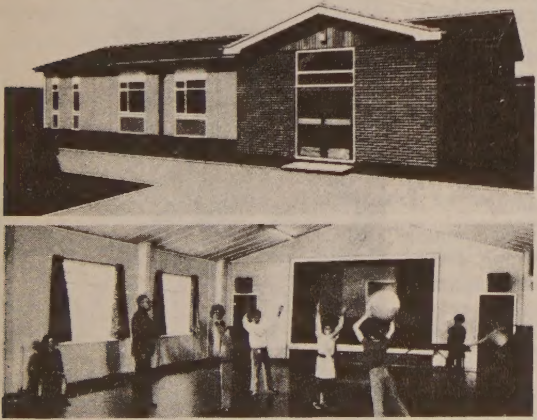
BUILD YOUR NEW CHURCH ON VERSATILITY-AND UNSHAKABLE STOCKS ECONOMY.



Catholic Church of the Assumption, Southampton



St. Peter's R.C. Church, Leeds

These days a church has to be a great deal more than a church.

It has to be a social centre too.

Even a sports hall.

But who do you go to—a conventional builder, or Stocks?

Stocks will build you a church cheaper than any conventional builder, and can complete the job in half the time.

And the modular Stocks system is infinitely variable.

Founded on economy, versatility and permanence your new church building will be individually designed—modern or traditional style.

What's more the exclusive Stocks package deal takes all the work and worry off your hands—right through from design to decoration.

Remember Stocks—the unshakable one.

Send now for colour brochure featuring actual case histories and details of how Stocks can bring you considerable savings on your new church building.

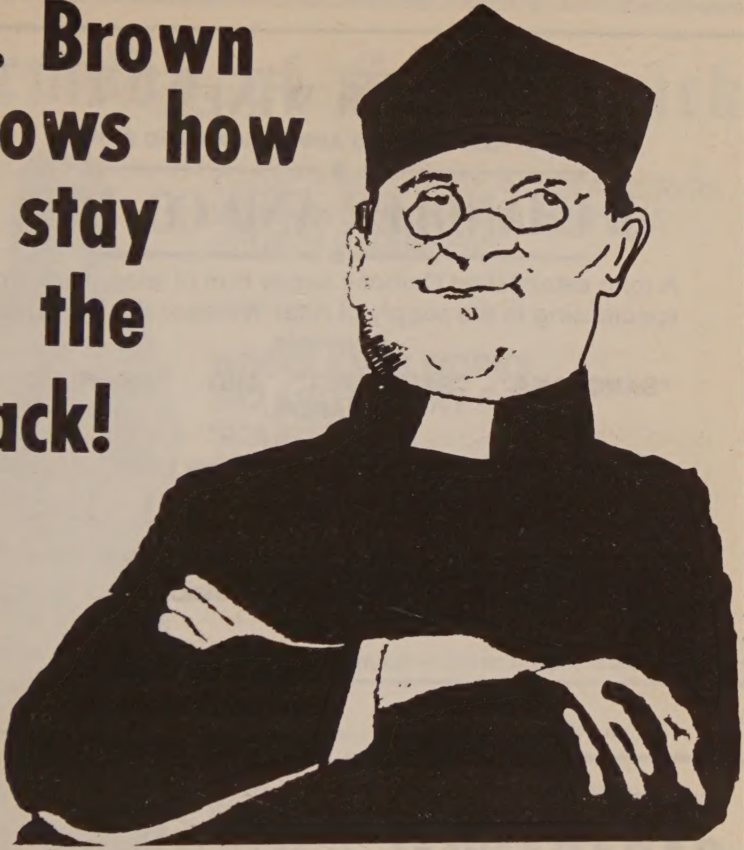
Fr. Brown knows how to stay in the Black!



When it's a case of insurance, today's Priest needs to be something of a sleuth. By the process of deduction he'll examine the services, prices and covers offered by various insurance companies.

On investigation, the Church & General Insurance Company reveals a wide range of policies suitable for Dioceses, Religious Orders, Congregations, Schools, Colleges, Charities and similar bodies.

Further investigation will reveal that the Company has a strong tradition of personal service to its policyholders, perfected by over seventy years experience, which includes a full range of insurances for the individual.

All this done, today's Priest reaches a quod erat demonstrandum.

ANNUAL REVIEW

A TIME OF CONSOLIDATION

The rhythm of the Hosanna House Calender has settled down to a puposeful routine. The first event, soon after Christmas is the Hosanna House Conference — held this year at the Park Place Pastoral Centre (Wickham, Hants) — through the kindness of Sister Mary Francis. This is followed by the Hosanna House Season, now fully booked — which starts the week after Easter, with a handicapped children's Group — and rolls on into October. Finally there is Lady Ryder's Hosanna House Bazaar — which provides such a useful, annual boost to the economy.

The completion of the mighty "Fosse Septique" — has established the drainage system of Hosanna House, beyond reproach — to the point where it would surely gladden the heart of any Medical Officer of Health! The attractive redecoration of the main living-rooms and the Chapel — is most pleasing to behold — and even the garden is coming under control, with a softening effect on the house itself. Within the kitchen — the new "King Size" deep freeze and refrigerator unit — is impressive indeed!

LOOKING TO THE FUTURE

When the conditions are right — as Sir Harold Wilson would say — it will be most exciting to decide on the top priority — whether this should be a spacious lift — an enlarged Chapel — or improved transport — are all "in the running" — not to mention the requisition of the field next door, for future development — should the need arise. There is already one handicapped Group Leader, and Deputy Group Leader — and it is hoped that our handicapped members will play an increasingly important role in the years ahead — not forgetting their indispensable part in the foundation of the Trust.

LEASE SPONSOR A HAN

As a reminder of this — I should like to quote the words of Donna Smith, our handicapped Foundress — taken from the Hosanna House Handbook — "To carry on Living" :— "I think that we all need, whether we are able-bodied or handicapped in some way or other, to discover or re-discover God's Holy Will for each one of us individually — but most of all to receive special graces, help and encouragement from God, Our Lord, and His and our Mother, to carry on living our lives with courage, and conviction. Lourdes and Hosanna House have given me all this, and much, much more."

Thank you — Donna — and all the handicapped — for leading us into the magic world of Hosanna House.

DR MICHAEL STRODE CHAIRMAN

During the quiet period after the end of last season, our beautiful Hosanna House was re-decorated, and new carpets, beds and curtains were purchased. Fire doors were installed and many improvements made. A timely bequest enabled us to meet the cost of all this work but there is a pressing need for income to maintain the house to its present high standard. There are several improvements and extensions that we would like to make but funds must first be found.

This season has started well in spite of some transport difficulty and of course the inevitable rise in costs. Due to surcharges resulting from the fuel crisis it became unavoidable to increase the charge for a week's stay at Hosanna House. Fortunately, so far, we have been able to keep the fare reasonably lower than other Pilgrimages. Present indications are that a considerable rise in the cost of the fare in 1980 is unavoidable.

We hope that all those of you who visit Lourdes in future will come to Bartres to see Hosanna House, where the good sisters will always make you welcome.

GEOFFREY MITCHINER. HON. TREASURER.

ARCHBISHOP AND METROPOLITAN OF THE ROMAN PROVINCE,
SOVEREIGN OF THE STATE OF THE VATICAN CITY.

His Holiness POPE JOHN PAUL II (Karol Wojtyla), Roman Pontiff, was born in Wadowice, Poland, 18 May 1920; ordained Priest 1 November 1946; appointed auxiliary Bishop in Cracow 4 July 1958; consecrated 28 September 1958; nominated Archbishop of Cracow 13 January 1964; created Cardinal 26 June 1967; elected Pope 16 October 1978; inaugurated 22 October 1978.

THE SACRED COLLEGE OF CARDINALS

Cardinals are priests of outstanding learning, piety, judgment and ability, chosen by the Pope (who alone has power to create Cardinals) to assist and to advise him in the government of the Church. They rank as Princes of royal blood, have the title of Eminence and take precedence over bishops and all other prelates. Since the twelfth century they have been constituted as the Sacred College; they form the Senate of the Supreme Pontiff and on his death it is they who elect his successor.

Before the Sacred College was established in its present form, the Pope had his body of advisers composed of the neighbouring bishops and representatives of the priests and deacons of the City of Rome. These three divisions or Orders are still retained in the Sacred College.

(a) Cardinal Bishops are the bishops of the seven 'Titular suburbicarian Sees', viz. The dioceses which adjoin the City of Rome. The Titular See of Ostia is always assigned to the senior Cardinal Bishop (who is also Dean of the Sacred College) in addition to that diocese which he already holds.

(b) Cardinal Priests, formerly the rectors of the ancient 'titular churches' of Rome, are now in fact archbishops or bishops, mostly with dioceses outside Rome and thus not resident in Curia.

(c) Cardinal Deacons, formerly the deacons in charge of the regional divisions of Rome, are now Bishops holding important posts in the Roman Curia.

By the decree *Ingravescentem Aetatem*, which became operative on 1 January, 1971, Pope Paul VI ruled that Cardinals over the age of 80 may not vote in the election of a Pope or retain office in the Roman Curia.

There are at present 129 Cardinals. Of these 3 were created by Pius XII; 10 by John XIII; 102 by Paul VI; 14 by John Paul II.

Of the 129 Cardinals, 35 are Italian, 11 from USA; 7 France; 6 Brazil; 5 Germany; 4 each Argentina, Canada and Spain; 3 each Holland, Mexico and Poland; 2 each Australia, India and Philippines; one each Algeria, Austria, Benin, Belgium, Bolivia, Czechoslovakia, Chile, Colombia, Dominican Republic, Ecuador, Egypt, England, Guatemala, Hungary, Indonesia, Ireland, Japan, Kenya, Korea, Madagascar, Nigeria, Pakistan, Peru, Portugal, Puerto Rico, Samoa, Scotland, Senegal, Sri Lanka, South Africa, Tanzania, Uganda, Ukraine, Upper Volta, Venezuela, Vietnam, Yugoslavia, Zaire.

SEES IN GREAT BRITAIN AND IRELAND

I. ENGLAND AND WALES

A. SINCE THE RESTORATION OF THE HIERARCHY (1850)

By Letters Apostolic (*Universalis Ecclesiæ*) of Pius IX, dated 29 Sept 1850, the English Hierarchy was restored, and the Metropolitan See fixed at Westminster. There were at first twelve Suffragan Sees: Beverley, Birmingham, Clifton, Hexham, Liverpool, Newport and Menevia, Northampton, Nottingham, Plymouth, Salford, Shrewsbury and Southwark. On 23 May 1861, the title of Hexham was changed to Hexham and Newcastle. On 20 Dec 1878, the diocese of Beverley was divided by Leo XIII into two, Leeds and Middlesbrough. On 19 May 1882, the new diocese of Portsmouth was formed out of Southwark. By an Apostolic Brief (*De animarum salute*) of 4 March 1895, the Principality of Wales (except Glamorganshire) was made a separate Vicariate, with a Bishop as Vicar-Apostolic. The Vicariate, which had remained attached to the Province of Westminster, was changed on 12 May 1898 to the diocese of Menevia, and became a Suffragan See, the title of Newport and Menevia having been changed in 1896 to that of Newport only. Thus the Province to Westminster had at that time fifteen Suffragan Sees.

By Letters Apostolic (*Si qua est*) of 28 Oct 1911, Pius X divided the Province of Westminster into three new Provinces, viz. Westminster, Liverpool and Birmingham, reserving certain special privileges to the Archbishop of Westminster. The other dioceses were rearranged as follows:

With Westminster remained Northampton, Nottingham, Portsmouth and Southwark. To Birmingham were assigned the dioceses of Clifton, Newport, Plymouth, Shrewsbury and Menevia; the remaining sees of Hexham and Newcastle, Leeds, Middlesbrough and Salford were assigned to Liverpool.

By Letters Apostolic (*Cambria Celtica*) of 7 Feb 1916. Benedict XV raised Newport to Archiepiscopal rank, under the title of Cardiff; and Menevia became a Suffragan See of this new Province.

On 22 March 1917, the county of Essex, which had formerly formed part of the Archdiocese of Westminster, was made by Benedict XV into a separate diocese, and by a Bull (*Universalis Ecclesiæ procuratio*) dated 20 July 1917, the Episcopal See was fixed at Brentwood, which accordingly became an additional Suffragan See of Westminster.

On 22 Nov 1924, by Apostolic Constitution (*Universalis Ecclesiæ soolicitudo*) a new Diocese of Lancaster was formed of the Counties of Cumberland and Westmorland, taken from the Diocese of Hexham and Newcastle, and Lancashire, north of the river Ribble, taken from the Archdiocese of Liverpool, of which this new diocese became an additional Suffragan See.

On 28 May 1965, by Letters Apostolic (*Romanorum Pontificum*), Pope Paul VI decreed the formation of the new Province of Southwark to include the dioceses of Southwark, Portsmouth, Plymouth and Arundel and Brighton. By the same Letters the new Diocese of Arundel and Brighton was formed of the county of Sussex and the County of Surrey, south of the river Thames and outside the new Greater London Boroughs, taken from the Diocese of Southwark. Plymouth was taken from the Province of Birmingham: Southwark and Portsmouth were taken from the Province of Westminster.

On 13 March 1976 by the decree *Quod Ecumenicum* Pope Paul VI formed the diocese of East Anglia for the counties of Cambridge, Norfolk and Suffolk, which were formerly part of Northampton diocese.

NATIONAL CONFERENCE OF PRIESTS

(ENGLAND AND WALES)

First convened by the Hierarchy at Wood Hall, Leeds, in June 1970. Constitution accepted by the priests at Liverpool in September 1971, and by the bishops in November of that year; revised Birmingham 1978.

The object of the Conference is primarily to provide an opportunity for the representatives elected by their brethren to discuss the ministry and life of the priests in England and Wales, and to examine the needs of the Church at national and local level, and to make recommendations to the Bishops' Conference and the diocesan Councils or Senates of Priests.

Every Secular and Religious priest engaged in pastoral work in England and Wales is eligible to vote for and be elected as a representative to the National Conference held annually. Each diocese has four representatives, who hold office for three years but are eligible for re-election. Other priests pastorally engaged but not directly connected with a diocese are represented by Specialist Groups.

An Annual Conference is held to discuss a Theme or Topics chosen by the Clergy themselves, as well as matters referred to it by the Bishops' Conference. The priest representatives in each diocese are responsible for informing and consulting with their fellow clergy.

The Standing Committee, consisting of a chairman and eleven members, is responsible for the administration of Conference affairs, the promotion of its aims, the implementation of its decisions as Conference may direct, and the organisation of the next Conference. Present members are: Rev Robert A Spence (*Chairman*), Mgr Joseph Buckley (*Vice-Chairman*), Revv Robert Bogan (*Secretary*), Michael Winter, Joseph Carter, Thomas Shepherd, Robert Garrard; Mgr Daniel Shanahan, John Breen,

The National Conference of Priests has worked in close collaboration with the Bishops' Conference, particularly through the Joint Working Parties in producing the discussion documents CO-RESPONSIBILITY AND THE CLERGY, CHURCH 2000 and A TIME FOR BUILDING. The Conference is represented on the Laity Commission, the Commission for Priestly Formation, the Committee for the Revision of Diocesan Boundaries, the Committee for Clerical Pensions, and also the European Conference of Priests.

Correspondence to: The Chairman—Rev Robert A Spence, 14 Windsor Terrace, Jesmond, Newcastle upon Tyne, NE2 4HE.

DECEASED CLERGY ASSOCIATION
FOR ENGLAND AND WALES

By a Decree of the Sacred Congregation for the Clergy, dated 16 April 1970, the division of the Association has been changed:

A Westminster, Brentwood, East Englia, Northampton and Nottingham.
B Birmingham, Cardiff, Clifton, Menevia, and Shrewsbury.
C Southwark, Arundel and Brighton, Plymouth, and Portsmouth.
D Liverpool and Salford.
E Hexham and Newcastle, Lancaster, Leeds, and Middlesbrough.

The other regulations (Sacred Congregation of the Council 3 December 1938) remain the same:

(i) That those priests who are Military Chaplains should remain associates of the diocese from which they were transferred to Military Service.

(ii) That priests, who are lawfully prevented by sickness from celebrating Mass for more than three months, may satisfy their obligation by the application of one Mass for all those associates who died during the period of sickness. If a priest is permanently unable to say Mass, he can arrange that, after his death, one Mass is said by another priest, in order to fulfil his obligation. The favour granted by the above does not include relief from offering Masses for those associates who may have died before the illness and for whom Masses have still to be offered.

In each Diocese there is a Registrar appointed to keep a list of the Members of his Diocese and to send out the obituary notices. The names of the Registrars will be found under the respective Dioceses.

Bishops, whether Secular or Regular, and Secular Priests become Members of the Association by inscribing their names, either personally or by proxy, upon the list of Associates kept by the Registrar of their Diocese. They thereby bind themselves for life to offer a Mass for every deceased Member belonging to the Division to which they themselves belong.

Priests who are permanently transferred from one division to another are required to transfer their names to a list of that Division. Those who cease to be subject to the jurisdiction of the Bishops in England and Wales lose thereby the benefit of membership. But those attached to the English Colleges abroad or to the Papal Court, may have the benefit of membership by having their names inscribed on the Register of their Diocese.

The Masses of the Association are *privileged*.

According to a Papal Rescript of 13 April 1869, no priest can become a Member after three years from the day of his entrance into his Diocese. This restriction, withdrawn by a Rescript of 5 July 1885, was restored by a Rescript of 15 August 1886.

PRIESTS OF ENGLAND AND WALES

SECULAR AND REGULAR

1. Names not appearing in the diocesan parts of the Directory need for insertion in this list the sanction of Ecclesiastical or Religious Superiors; and a request for their insertion must be sent to the Editor each year.

2. Names of some Priests employed or residing abroad, but ecclesiastically connected with England and Wales, are included in this List; it is not possible to include members of missionary orders unless they are stationed in Great Britain.

3. The name of the diocese of Priests of England and Wales unattached, retired, invalided, or permanently living out of their own diocese is added in brackets.

4. The names of Polish and CFI priests working in England and Wales are not given in this list but are listed separately.

5. Postcodes are included in most addresses. The postcode should form the last line of an address without any punctuation.

6. The numeral in brackets following the address of certain priests indicates their position in the diocesan section of the Directory. A figure alone refers to page number; figure following a letter refers to the number of the parochial entry in the town mentioned.

7. Mgr here denotes those who, as Protonotaries, Prelates of Honour or Chaplains of His Holiness, or as Vicars General, have the title of Monsignor; an asterisk (*) denotes those who are, according to custom, addressed as Right Reverend.

CANON LAW CONCERNING MARRIAGE

1 The Church normally requires for validity that every marriage between *Catholics*, or between a *Catholic* and a *non-Catholic*, be celebrated before a Bishop or Priest duly authorised, and two witnesses. Otherwise the parties will not, in the sight of God, be really husband and wife, even though there may be a binding legal contract under civil law. (NB A marriage between two non-Catholics is *not* subject to this rule.)

2 In this context, a Catholic means anyone baptised in the Catholic Church; and it also means a baptised person who has become a Catholic.

3 Prior to marriage, so that there may be time for several interviews with the Priest for the instructions, collection of documents, publication of banns, etc., the parties should give notice to the Parish Priest at least *six weeks* before the date proposed for the marriage. (When one or both of the parties come from abroad, a considerably longer period of notice may be required.)

4 The Church permits mixed marriages to take place, but only with certain safeguards. The *usual* conditions for the granting of a dispensation are:—

(a) The Catholic party undertakes to do all in his/her power to have all the children to be born of the marriage baptised and brought up in the Catholic faith, and the non-Catholic party must be made aware of this undertaking. If for any reason the non-Catholic is opposed to the fulfilment of the Catholic's obligation, the full situation must be explained to the Bishop when the application for a dispensation is submitted.

(b) The marriage ceremony shall take place in the Catholic Church. For serious reasons, however, the Catholic Church is willing to grant a dispensation enabling the parties of a mixed marriage to have the ceremony in a non-Catholic Church.

FASTING AND ABSTINENCE

By the Apostolic Constitution *Paenitemini* of 17 February 1966, Pope Paul VI completely revised the laws of the Church concerning penance.

In England and Wales the Bishops decreed that as from 1 January 1968 the Friday abstinence may be exchanged for some other work of penance. The *Fasting and Abstinence* on Ash Wednesday and Good Friday are still of obligation.

On *Abstinence Days* flesh meat is forbidden; and on *Fasting Days* those bound to fast are allowed only one meal and a collation.

The law of fasting binds all from the age of 21 until the beginning of the sixtieth year. The law of abstinence now binds only from the age of 14 years.

THE EUCHARISTIC FAST

Since November 1964, the Eucharistic fast has been reduced to one hour. This means that food and drink (even alcoholic, in moderation) may always be taken up to one hour before the time of receiving Holy Communion. Water does not break the fast and so may be taken at any time before receiving Holy Communion. Genuine medicines and non-alcoholic drinks may be taken at any time before receiving Holy Communion by those who are sick (not necessarily bedridden or housebound).

In 1973 it was decreed that the fast from food and alcoholic drink be reduced to approximately one quarter of an hour for the following:

1 The sick in hospital or in their own homes, even if they are not confined to bed.

2 The elderly who are housebound or living in a home for the aged.

3 Sick or elderly priests who wish to say Mass or receive Holy Communion.

4 Persons looking after the sick and the aged and wishing to receive Holy Communion with them, whenever they are unable to observe the fast of one hour without inconvenience.

Schools
Separate departments with their own head teacher have, in these statistics, been counted as separate schools.

Pupils

Those providing education for pupils up to and including the age of eleven.

Secondary Schools
Those providing education for senior pupils.

Direct Grant Schools
Those which receive a grant per capita directly from the Department of Education and Science.

Special Schools
Those which provide education by special methods appropriate for children suffering from any disability of mind or body, i.e., educationally sub-normal children, mental defectives, epileptics, blind, deaf or crippled children.

NOTES ON STATISTICS OF DIOCESES OF ENGLAND AND WALES, 1979

The table (see following pages) sets out in summary form the statistics of clergy, churches and parishes for 1979, and the parish register returns for 1978.

1 The figures of clergy, churches and convents are supplied by the ecclesiastical authorities listed in the first column of the Statistics.

2 The figures of infant baptisms, marriages and conversions are taken from the records which are kept by each parish and have been completed by the Statistics Section of the Catholic Education Council.

3 The marriage total comprises both marriages between two Catholics and mixed marriages.

4 The figures for the Catholic population of this country are supplied by the parish clergy, who give an estimate of the number of Catholics known to live in their parish. It is generally agreed that the resultant figures probably underestimate the Catholic population of the country and they should not be regarded as a very reliable guide to the size of the total Catholic population.

5 From 1955, a standard form of Parish Register Return was adopted by an increasing number of the dioceses. This in some cases changed the basis of computation and explains certain anomalies which may appear at first sight in the comparison of population estimates over the last few years. Since 1970 the standard form has been used by all dioceses.

ABBREVIATIONS USED IN DIRECTORY

In the parish entries † denotes that the church is registered for Marriages.

When two dates are given, the first is generally that of the foundation of the Parish; the second is the date of the existing Church or Chapel.

Notice of Evening Mass on Holidays of Obligation does not apply to Christmas Day nor to any falling on a Sunday.

In the notices of services it is found necessary, for want of space, to omit the mention of weekday Masses and many minor and occasional services; also to omit other details, in regard to confraternities, etc. Times of confession are 'pm', except where otherwise stated or is clearly evident.

NOTE ON SCHOOLS

As the inclusion of full information concerning all Catholic Schools in England and Wales would add considerably to the extent and cost of the directory, and as such information is available in the various diocesan directories, the only schools mentioned in this Directory are those conducted by priests and religious orders and congregations, grammar schools and those schools used as Mass centres.

Founded in 1961 under the management of Catholic laymen, the School is intentionally small, with a planned limit of 250 boys. There is a strong emphasis on small classes. Admission as boarders or day boys is from the age of 11 or 13; suitably qualified boys are accepted for direct admission to the Sixth Form. The Junior School takes day boys and day girls from 3½ to 11. Re-organisation is planned for September 1980 to provide for courses to Common Entrance at 13.

The school aims to encourage each boy to achieve the highest academic level of which he is capable over the full normal range of subjects at 'O' and 'A' Level, with courses to the C.S.E. where appropriate. The Science side is particularly strong. There is a resident Chaplain.

The buildings are either new or recently modernised, based on a Georgian mansion; accommodation for all Sixth Formers is in study-bedrooms. The park provides excellent facilities for games, in which the school has a creditable record

LOVE SHARES

There is no dispensation from the divine commandments of love and justice. Anyone who with all the need there is in the world neglects his basic duty can expect the judgement: "I was hungry and you gave me nothing to eat (...) Away from me, accursed one, into everlasting fire." Love shares. The share we must give does not depend on our feelings and the goodness of our heart but on the objective need of our brothers. Only if we break at the eleventh hour with our lukewarm past and at our own cost restore love and justice in the world – not for fear of communism or in order to save our own skins but out of burning anxiety for the Kingdom of God – only then will this dark age become a grace for all who bear responsibility for the Church and the world.

To those who are Aged and Poor we offer help!

The elderly who have known better times, more than any other section of the community are greatly in need of help.

Inflation does not stop for them either—but they do not have group bargaining to help or the physical ability to earn a wage. A little comfort and understanding after a lifetime of toil is surely not too much to ask for our senior citizens. You can help by sending a donation, arranging a covenant or remembering the Aged Poor Society in your will.

WALSINGHAM

ENGLAND'S NATIONAL SHRINE OF OUR LADY

Founded 1061; restored 1897 in 14th Century Slipper Chapel

Pre-Reformation Walsingham was one of the greatest and most popular shrines of Christendom and pilgrims came from all over the world to this tiny Norfolk village to honour Mary in her English home. The centre of devotion was a Saxon house built by Richeldis de Faverches in 1061 to remind people of the house in Nazareth where the Annunciation took place and Our Lord grew up as a small boy.

The Shrine was ruthlessly destroyed in 1538 and nothing remains today of the original building, but the site has been accurately determined in the grounds of a private house.

Despite the physical destruction, Our Lady of Walsingham lived on in the minds and hearts of English Catholics through all the dark days of religious persecution, and in 1897, the 14th Century Slipper Chapel was restored to Catholic worship by Miss Charlotte Boyd.

The Slipper Chapel is the Shrine today and has been named by the Bishops of England and Wales, with the blessing of the Pope, as the National Shrine of Our Lady.

Walsingham blends the old with the new. Beside the ancient Slipper Chapel is a modern open-air altar where Mass is celebrated for thousands. The traditional devotion of the Shrine to Mary in the Annunciation is in the spirit of Marialis Cultus. The riches of history are valued but the importance of the present is never forgotten. Walsingham belongs to today and is not just a monument to the past.

Visitors and pilgrims are always welcome. The Pilgrim Hostel in the village is part of the Shrine and offers simple hospitality in the style of a religious guest house to individuals, small groups and large pilgrimages of up to 150 people.

The Pilgrim Bureau is a centre of information and advice and is responsible for booking pilgrimages and accommodation. This office is open every day from 9.00 a.m. until 5.00 p.m., and at other times in the summer.

Bishop Clark has launched an appeal to develop the Shrine, and make it a more worthy place of worship in honour of our Blessed Mother. Please send donations to the Very Reverend Clive Birch, S.M., L.G.S.M., at the address below – Cheques made payable to, 'Pilgrim Bureau, Walsingham'.

WHY THE CATHOLIC SOCIAL SERVICE FOR PRISONERS BOTHERS

Because it's the Christian thing to do, of course. But also because helping a man regain confidence, self-respect and purpose in life helps him 'go straight' when he is released.

Because making him a useful member of society, not a charge on it, helps us all, however indirectly.

CSSP workers visit prisoners 'inside', help look after their families, if needed. They assist just-released prisoners in finding jobs and accommodation. They offer advice. They listen to – and help solve – the inevitable problems.

The CSSP helps in ways the State cannot – and gets no financial help from the State. Its work is financed entirely by private donations – direct gifts of money, covenants and legacies. If you can help please do. The need is always urgent.

If you cannot do either, please support those who do by sending a donation NOW or by subscribing to our League of Friends.

APOSTLESHIP OF THE SEA

"One ship drives east and another drives west with the selfsame winds that blow.
It's the set of the sails and not the gales that tells them where to go.

and not the calm or the strife."

WHAT DOES SPUC MEAN?

SPUC is the Society for the Protection of Unborn Children. SPUC is non-sectarian, non-denominational. Its members have just one object in common: to bring about a repeal of the existing Abortion Laws. SPUC is—blatantly and unashamedly—a pressure group. SPUC exists to influence the views of doctors and nurses; to bring pressure to bear on local councils and other public bodies; above all to build up and maintain a strong Parliamentary lobby. Parliament is the place where laws are made. It is the only place where they can be unmade.

To support our efforts we need to influence public opinion at large. We need members who share our views: members who will give the time, effort, and money that will turn these aspirations into accomplishments.

We are under no illusions. We realize we can't change the law overnight. We know that we shall succeed in the end: but gradually, one step at a time. We have the will to bring our task to a successful end. We have the energy and the patience. We need the material resources to back them up. Will you help us?

Write to the Secretary, Society for the Protection of Unborn Children, 7 Tufton Street, Westminster, London, SW1.

Tel: 01-222 5845

Abortion is killing.

Help put a stop to it.

GAIUS

These fine examples of Baccarat full lead crystal are part of a unique collection of limited edition commemorative pieces by Baccarat, Daum and Caverswall which were commissioned by Gaius International to commemorate the historic visit last autumn of His Holiness Pope John Paul II to Ireland and to the United States of America.

Archbishop Bruno B. Heim, the Holy See's Authority on all heraldic matters, who designed the coats of arms of the last four Popes, adapted the heraldic device appearing on all of the works of art from the official coat of arms of Pope John Paul II.

Gaius International is proud to announce that it has been granted the exclusive worldwide right by Archbishop Heim's publishers, Van Duren of Gerrards Cross, to reproduce Monsignor Heim's designs.

If you would like to be kept personally informed of the beautiful works of art we intend to produce in the future, you are cordially invited to send your name and address to:

Gaius International, 35 St. Thomas Street, London SE1 9SY.

VAN DUREN PUBLISHERS

With the publication of Archbishop Heim's HERALDRY IN THE CATHOLIC CHURCH in 1978, we consolidated the renaissance of ecclesiastical heraldry, which has delighted heralds and artists alike. 1978 was the year of the three Popes, and the demands on Archbishop Heim for two new papal coats of arms and armorial bearings for the new administration placed enormous pressure on our author. Nevertheless, in the last eighteen months he produced some of the finest heraldic devices.*

The second, much enlarged edition of HERALDRY IN THE CATHOLIC CHURCH is published on 1st May, 1980. Many more colour plates and monochrome illustrations will add to the book which has justly been described as *"the only authoritative guide in ecclesiastical heraldry"* in Osservatore Romano.

HERALDRY IN THE CATHOLIC CHURCH
ITS ORIGIN, CUSTOMS AND LAWS

Other reviewers said:

". . . it is always a delight to read the work of an acknowledged master; in this case not only is our guide the greatest expert of our own age but of all time."
Dr. R. F. Mullen

". . . the value of this book is at once scholarly, intrinsically sound and interesting and aesthetically pleasing."
Richmond Herald

". . . Archbishop Heim is a distinguished armorist with a well deserved international reputation."
Somerset Herald

"Heim's success in his search for 'simplicity, beauty and dignity' are clearly shown on every page of the book."
John F. Power

1980 will also see the publication of ALL THE POPE'S MEN, The Government, Administration and Diplomacy of the Holy See and the Vatican. The author is Archbishop H. E. Cardinale, who is assisted by Mgr. J. B. R. Loftus. This profusely illustrated book will be the first volume of a series.

For details or leaflets about the above and other titles, please write to:

*Van Duren, Publishers, are the copyright holders in the artistic and literary works by Archbishop Bruno B. Heim. All enquiries about heraldic designs should be made to them and not to the Archbishop.

BROIGHTER TORC

Dating from the 1st century A.D., this handsome necklet or "Torc" was found at Broighter, Co. Derry, after which it is named. The hollow gold necklet is elaborately decorated in a rich raised design and is a very fine example of the craftsmanship of that era.
